

World Scientific's E-book Collection

Discover the most flexible e-book offer on the market!

World Scientific has interviewed many librarians across Europe and asked what their main issues were with regards to developing their e-book collections. We have listened carefully and come up with one of the most flexible offers you will find in the scientific arena!

Main features:

- Perpetual access model
- No minimum purchase required
- No DRM*
- Unlimited concurrent access 24 hours a day
- Compatibility with most mobile devices
- Option to host the content on your own server

In addition, you will enjoy:

- A fully integrated platform to search across e-journals, e-archives and e-books
- A choice of collections by subject, year of publication or pick-and-choose
- MARC records
- Full usage statistics

Our platform includes over 4,000 e-books across these subjects:

- | | |
|--|--------------------------------------|
| Mathematics | Medicine and Healthcare |
| Physics/Nonlinear Science | Life Sciences |
| Chemistry/Materials Science/
Nanotechnology | Business and Economics |
| Computer Science | General and Popular Science |
| Engineering | Social Sciences and Asian
Studies |
| Environmental Science | |

These are some of the libraries that are already enjoying our e-books:

- Frankfurt University, Germany
- ETH Zurich, Switzerland
- Stanford University, USA
- Princeton University, USA
- Monash University, Australia
- Academia Sinica, Taiwan
- Institute of Defence Analyzes, USA
- University of Western Australia, Australia
- University of Magdeburg, Germany
- Victoria University of Wellington, New Zealand

If you are interested in a trial or would like us to provide you with more details, **please fill in the form overleaf**. Alternatively, you can visit our website www.worldscinet.com

*This feature is regulated by a license agreement that will be signed at the time of purchasing the product.
