| <b>Demo advanced Physik Set<br/>Mechanik, MT-1</b> |               |                                                  | <b>Demo advanced Physics set<br/>Mechanics, MT-1</b> | <b>15511-88</b>      |
| 1                                                  | 2             | Glasrohrhalter mit Maßbandklemme                 | Glass tube holder with tape measure clamp            | 05961-00             |
| 2                                                  | 1             | Maßstab für Demo-Tafel                           | Scale for demonstration board                        | 02153-00             |
|                                                    | 1             | Glasröhrchen, $l = 375$ mm, 2 aus                | Glass tubes, $l = 375$ mm, 2 out of                  | 36701-67             |
| 3                                                  | 1             | Blattfeder                                       | Leaf spring                                          | 02228-00             |
| 4                                                  | 2             | Schlauchsicherung für $d = 5$ -12 mm             | Hose clamp for 5-12 mm diameter                      | 40997-00             |
|                                                    | 1             | DEMO advanced DVD (o. Abb.)                      | DEMO advanced DVD (without figure)                   | 331657               |
| 5                                                  | 1             | Hohl und Vollzylinder                            | Hollow and solid cylinder                            | 02636-00             |
| 6                                                  | 1             | Wagen für Berg- und Talbahn                      | Car for rollercoaster track                          | 11059-00             |
| 7                                                  | 2             | Silikonschlauch, $d_i = 6$ mm                    | Silicone tubing, $d_i = 6$ mm                        | 47530-00             |
| 8                                                  | 1             | Blindtüllen (Gummikappen), 20 Stück              | Rubber caps, pack of 20                              | 02615-03             |
| 9                                                  | 1             | Zusatzgewicht für Messwagen                      | Weight for measurement car, 150 g                    | 11060-01             |
| 10                                                 | 1             | Zahnrad, $Z = 40$ , $m = 2$                      | Gear wheel, 40 teeth                                 | 02351-03             |
| 11                                                 | 1             | Stufenrad                                        | Wheel and axle                                       | 02360-00             |
| 12                                                 | 1             | Zahnrad, $Z = 20$ , $m = 2$                      | Gear wheel, 20 teeth                                 | 02350-03             |
| 13                                                 | 2             | Kolbenplatte für Gasspritzen                     | Plunger plate for gas syringes                       | 02618-00             |
| 14                                                 | 1             | Markierungspunkte für Demo-Tafel, 24 Stück       | Marker points for demonstration board, 24 pieces     | 02154-02             |
| 15                                                 | 1             | Reibungsklotz                                    | Friction block                                       | 02240-01             |
| 16                                                 | 1             | Handelsgewichtstück, 500 g                       | Commercial weight, 500 g                             | 44096-50             |
| 17                                                 | 1             | Trichter, PP, $d = 50$ mm                        | Funnel, plastic, $d = 50$ mm                         | 36890-00             |
| 18                                                 | 2             | Welle auf Haftmagnet                             | Axle on fixing magnet                                | 02151-04             |
| 19                                                 | 2             | Gasspritze, 100 ml                               | Gas syringe, 100 ml                                  | 02614-00             |
| 20                                                 | 1             | Aufbewahrungsschale                              | Storage tray                                         | 47325-01             |
| 21                                                 | 1             | Stativstange, $l = 100$ mm, $d = 10$ mm          | Support rod, $l = 100$ mm, $d = 10$ mm               | 02030-00             |
| 22                                                 | 1             | Berg- und Talbahn für Demo-Tafel                 | Rollercoaster track for demonstration board          | 02159-00             |
| 23                                                 | 1             | Auslaufgefäß für Demo-Tafel                      | Overflow vessel for demonstration board              | 02158-00             |
| 24                                                 | 1             | Tauchsonde                                       | Immersion probe                                      | 02632-00             |
| 25                                                 | 2             | Handelsgewichtstück, 200 g                       | Commercial weight, 200 g                             | 44096-20             |
| 26                                                 | 1             | Becher, PP, niedrige Form, 100 ml                | Beaker, 100 ml, low form, plastic                    | 36011-01             |
| 27                                                 | 2             | Halter für Gasspritzen auf Haftmagnet            | Syringe holder on fixing magnet                      | 02156-00             |
| 28                                                 | 1             | Klemmhalter, $d = 0 \dots 13$ mm, auf Haftmagnet | Clamping holder, $d = 0 \dots 13$ mm, fixing magnet  | 02151-07             |
